M.Pharm.Ph.D

6.2.1: The institutional Strategic / Perspective plan is effectively deployed

1. To achieve recognition as a high quality academic institution for technical education in the state of Telangana in India and eventually at the global level, the strategies include expanding the Post-graduate program as a major part of educational offering, to continually review and innovate in the structure of the course, to recruit, develop and motivate high caliber diverse faculty and achieve Standard accreditation for all eligible PG courses.

2. To be recognized as a Centre for creative solutions for technological problems and to develop latent, relevant and new technologies for India, the strategies give emphasis on stepping -up in-house R & D efforts and also to enter into collaborations with institutions and industry. To set up Centre for Creative Work involving select groups of students and teachers with creative skills working in boundless space. To achieve focus on research and training through integrated industry-institute interaction. Promotion of entrepreneurship among students become more of job providers and to set up technology incubation centre to provide initial infra structural support for budding young entrepreneurs.

3. To enable students to acquire technological knowledge that is at once modern and relevant to the needs of the industry. Strategies include providing state-of-the art infrastructure and learning resources, to involve students as partners in the process of deciding what to teach and how to learn. To develop a sense of lifelong learning as a norm and to provide real -world experience in collaboration with industry.

4. To enable students to mature into responsible citizens through integrated character development programmes. Strategies include provision of a well rounded collegiate experience

Sponsored by Pratishta Educational Society

by involving them time and facilities for healthy co-curricular and extracurricular activities, to help students to develop value systems with a balanced mind. To inculcate a sense of environmental responsibilities and sustainable development, to emphasize the need to realize the importance of development of society as a whole as opposed to development of self at others cost.
